# Characters of Formation Project

Throughout *Jane Eyre*, numerous characters affect her development. These characters shape her values and morals. You will be assigned a character from *Jane Eyre*. You will analyze this character as an individual, and in the way he/she affects Jane's development.

## PART 1: CHARACTER SUITCASE (done in class)

- On the outside of your 'character suitcase,' each group member must place a symbol to represent a trait of your assigned character. Each symbol must be different. These should be placed on the underside of the suitcase.
- Place your assigned character's name on the top of the suitcase.
- Inside, each group member must place a piece of paper with a quote from your assigned character that shows one of his/her character traits.
- The suitcase itself should be visually appealing.

## PART 2: HIS/HER EFFECT ON JANE

- Each group member must write a paragraph explaining how the assigned character affects Jane's view of gender roles, marriage, religion, or family values. This should be done individually, and each paragraph should be unique.

## PART 3: PRESENTATION

- Your group will present your suitcase, sharing the symbols on the suitcase, the quotes inside the suitcase, and the descriptions of how the character affects Jane.
